WIMS ENTERPRISES ANNOUNCES EXPANSION OF SUPPLEMENTAL EDUCATIONAL SERVICES (SES) PROGRAM INTO NEW OHIO SCHOOL DISTRICTS

Consistent ratings of “highly effective” are catalyst for increasing outreach to students to receive free tutoring in schools identified as “in need of improvement”

July 25, 2006 - For the school year 2006-2007, Wims Enterprises, Inc. (WEI) will serve students who meet income guidelines and attend struggling schools in the Akron, Canton, Cincinnati, Cleveland, Columbus, Dayton, East Cleveland, Lima, and Toledo public school districts. WEI has been a state-of-Ohio approved provider of Supplemental Educational Services (SES) since 2002 when the No Child Left Behind (NCLB) law was enacted by Congress. In addition to the federally funded free tutoring, NCLB also gives parents the option of transferring their child to another school.

WEI's SES are rated as “highly effective” by the state-of-Ohio's Department of Education. Students are tutored in reading and math to minimally achieve grade level proficiency, build test taking skills, and reduce test anxiety. “We have served a variety of school districts in Ohio since the inception of NCLB. Our strategy has been to demonstrate consistent ratings of “highly effective” in a few school districts before attempting to reach a significant number of students across the state. This tactic reflects one of our corporate values--integrity. We are committed to modeling integrity by holding ourselves to a standard far more stringent than the law or schools expects” states David Wims, Esq., President of Wims Enterprises.

Using a sample of students during the 2005-06 school year, WEI obtained data from its school districts to assess the effectiveness of its SES program. Findings documented that statewide g.p.a. and pre and post-test scores increased, absenteeism fell, and discipline incidents remained relatively unchanged. “We know that with our long-term record of success, a strong leadership team, high quality instructors, and numerous leading edge operational enhancements, we will extend our success to new districts,” concludes Wims. Parents interested in enrolling their child(ren) and/or determining eligibility may call WEI at 877.736.5803 (Ohio only) or 216.861.8658.
